

UNIVERSITY OF  
TORONTO

*"in the end, we'll all  
become stories."  
- M. Atwood*

# A WORLD-RENOUNDED UNIVERSITY

U of T is a world-renowned University in a celebrated city where knowledge meets achievement, history meets future and ambition meets inspiration. Leading academics from around the world have rated the University of Toronto #1 in Canada and 21st in the world according to the 2019 Times Higher Education World University Rankings.

#### Acknowledgment of Traditional Land

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and, most recently, the Mississaugas of the Credit River. Today, this meeting place is still home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

#1

University in Canada according to the 2019 QS World University Rankings.

#1

Research University in Canada according to Research Infosource 2018.

#1

University in Canada according to Shanghai Jiao Tong University's 2018 Academic Ranking of World Universities.

#1

University in Canada, and among the world's top 10 public universities, according to U.S. News & World Report's 2019 Best Global Universities Rankings.

#1

University in Canada, and 21st in the world, according to the 2019 Times Higher Education World University Rankings.

#1

University in Canada for graduate employability according to both the 2019 QS Graduate Employability Rankings and the 2018 Times Higher Education Global University Employability Rankings.

#1

Most innovative university in Canada, according to Reuters' 2018 World's Most Innovative Universities rankings.

# YOUR SUCCESS STARTS HERE.

**W**hether you're considering what to study or how to get involved in student life, an unparalleled array of choices await you. Over a long and proud history, we've pushed the limits of knowledge and innovation. What began in 1827 as a small college has evolved into a globally recognized research and teaching powerhouse, consistently ranking among the world's top universities. The University of Toronto has educated hundreds of thousands of outstanding individuals who have made profound impacts in every aspect of life.

We've also created a very special experience for students embarking on their studies. Our First Year Foundations: The *One* Programs for arts, science and business students offer dynamic, for-credit learning experiences in small-group environments that build community and foster critical skills and creativity. First-year seminar courses, with no more than 24 students each, allow you to get deeply engaged with your studies and your peers.

Learning communities bring together students who have similar groups of courses with a peer mentor. And there are many support services dedicated to your academic success. Possibilities at U of T are also limitless when it comes to research opportunities, professional experience, co-op and international learning.

Each of our three campuses offer a unique set of experiences and programs. Whether you go to U of T Scarborough, U of T Mississauga or the downtown St. George campus, get ready to change your future and the world. You'll be a student at a university with global prestige – a great place to learn how to ask challenging questions, to think fearlessly and to go beyond the boundaries of conventional thought. In a world with more complexities and fewer borders, we need original thinkers to lead the next generation. Your University of Toronto degree will give you the skills you need to thrive.

- U of T is located in the heart of the Greater Toronto Area, known for its extraordinary variety of things to see and do and its multicultural diversity.
- The region continues to draw the best and the brightest, who come seeking world-class business, culture and education in one of the safest cities in North America.

- Whether it's inside or outside the classroom, U of T offers you a dynamic student life with more than a thousand organizations and boundless choices to explore – athletic teams, arts and culture, academic associations and community involvement.

- The University of Toronto is committed to providing a safe space for all its members.
- Give us your enthusiasm, your dedication and four years of your time, and we'll give you the foundation you need to make your mark on the world.

# UofT QUICK FACTS:

- U of T offers more than 700 undergraduate programs.
- The University's library system is the third largest in North America.
- U of T offers second-entry professional programs in Nursing, Dentistry, Pharmacy, Law and Medicine.
- The University offers more than 60 professional graduate programs and 76 combined programs.
- The University of Toronto offers over 280 master's and doctoral level graduate programs in a wide variety of fields.
- The University is a research powerhouse, attracting \$1.2 billion in research funding each year.
- The University is a leader in commercialization and the creation of new startups. In the past five years, U of T has nurtured the rise of 150+ companies, making it Canada's #1 engine for research-based startups.
- Each year, U of T employs more than 3,500 students in Work-Study jobs.
- The University of Toronto's faculty produce more research and scholarships than almost any other institution worldwide; in North America, only Harvard University publishes more academic papers.
- The University of Toronto has more than 1,000 student clubs across all three campuses.

*The University of Toronto continues to soar in global university rankings and is consistently ranked first in Canada.*

# YOUR FUTURE IS GLOBAL.

**To thrive today, you need a global perspective,** the skills to collaborate with people from distinct traditions, and the resilience to be at home anywhere in the world.

At U of T, advisors will work with you to curate a unique international experience that builds toward your professional goals. Take a brief research trip, a semester abroad at one of more than 160 global partner institutions, or an internship with a leading international firm. U of T will grant \$2 million to support students learning abroad in the 2019-20 academic year, and \$3 million per year thereafter. Visit us at [learningabroad.utoronto.ca](http://learningabroad.utoronto.ca) to find out how going abroad will help you get ahead.

You'll also develop a global perspective and intercultural fluency on our campuses, where 20 percent of our undergraduates come from outside North America. Surrounded by one of the world's most diverse cities, U of T's rich cultural fabric allows our students to graduate with an international network of friends and colleagues.

And to make sure employers will recognize you for the global skills and resilience you develop at U of T, we're launching new Global Scholar and Global Citizen certificates, along with new courses exploring global perspectives on issues that matter in your field.

*Imagine enriched learning in a tight-knit community, alongside trailblazing professors who are shaping the future of their fields. Covering tuition and living expenses for four years, our Lester B. Pearson International Scholarships offer access to an unparalleled undergraduate experience for international students. To learn more, visit [pearson.utoronto.ca](http://pearson.utoronto.ca)*

*"I chose to learn abroad for professional development reasons. Learning abroad, you will discover more about yourself from one year than you would in your entire university career! If you want to test your boundaries, push yourself to your limits, an exchange throws you into an absurd situation, and then you get to watch yourself excel in ways you could never imagine."*

— U of T student Brenna Hamel on her experience studying at Peking University in China

50%

50% of our students speak a language other than English at home.

82%

82% of hiring managers say that employees with international experience enhance the competitiveness of their company (Universities Canada, 2014).

90%

90% of university graduates agree that the global knowledge they gained while learning abroad contributed to their career achievements (Canadian Bureau for International Education).

12<sup>th</sup>

U of T alumni are ranked 12<sup>th</sup> in the world for employability

Research

U of T has one of the world's most extensive global research networks

Think Outside  
**THE CLASSROOM.**

*Play ultimate frisbee, join the debate team, learn Urdu, get involved with Friends of Doctors Without Borders or organize a blood drive as part of the Stem Cell Club.*

At U of T, exceptional students become extraordinary people by seeking to develop their minds, bodies and spirits. Choose from more than 1,000 student organizations, athletic teams and academic associations – or create your own.

Bring us your interests. We'll make them your passions.

**Boundless Opportunities for Learning Inside and Outside the Classroom**

The more energy you invest in your U of T experience, the greater the rewards you'll reap. That's why we give you thousands of things to be passionate about. U of T's student clubs reflect the pluralism of our community and the full spectrum of passions shared among our students, covering such diverse interests as Argentine Tango and badminton (plus more than 1,000 other groups).

U of T's size and reputation also enables the University to bring hundreds of prominent speakers to campus. Over the years, Martin Luther King, Jr., Noam Chomsky, Jane Goodall, the Dalai Lama, Michael Ignatieff and Stephen Lewis, to name just a few, have captivated students.

Just like its home cities, the University of Toronto knows how to celebrate. Annual traditions include: Ecofest, which celebrates and promotes environmental activism at U of T through movie screenings, a clubs fair, bike workshops and lectures; the U of T Festival of Dance, Canada's largest university dance festival; and Winterfest, a tri-campus week of parties, films, concerts and more. Other favourites include Engineering's annual comedy show, Skule Nite, University College's annual Follies, U of T Scarborough's annual Cultural Mosaic, U of T Mississauga Pub Nights, and Victoria College's The Bob, a rowdy satirical revue that was first staged in 1874.

The University of Toronto has a long tradition of graduating civic and organizational leaders. Across all faculties, colleges and campuses, we offer numerous opportunities for students to develop and hone the knowledge and skills necessary to catalyze contributions of significance, including our Learning to Lead Program, Peer Facilitation Program, Community-Engaged Learning Courses and Centre for Community Partnerships. These formalized programs provide students with skills they can put into practice immediately through one of the thousands of opportunities offered by U of T's governance and student groups.

[ulife.utoronto.ca](http://ulife.utoronto.ca)

*“The most culturally mixed city on the continent truly is one of Earth’s closest approximations of urban paradise.”*

– Will Wilkinson, political essayist

10,000

There are 10,000 theatrical performances in Toronto’s 90 theatres annually, making the city the third largest English language theatre destination in the world, after New York and London.

1,200

There are 1,200 stores and restaurants in the PATH, North America’s largest continuous underground network. With 30 km of walkway, PATH also connects 50 office towers, five subway stations, six major hotels and Union Station.

20,371

There are 20,371 intersections among the City of Toronto’s 10,033 streets.

T.O.

Toronto has almost as many nicknames as it does neighbourhoods, and each carries the story of an era: today’s nicknames are “The 6ix”, “T.O.” (tee-oh) and “T-dot.”

The City of Toronto’s official motto is “Diversity Our Strength,” which speaks both to the essence of the Greater Toronto Area and to its residents.

*The Greater Toronto Area is the best of all worlds.*

*The city has, at its very core, exceptional diversity: nearly half of Toronto’s 2.7 million residents were born outside Canada. Our city’s living mosaic continues to draw the best and the brightest, who come here seeking world-class business, culture and education in one of the safest cities in North America.*

*They find it, too, in the Fortune 500 company headquarters along Bay Street and various districts of Mississauga; in the research centres throughout the city; in the museums and galleries; literary, music and film festivals that take place throughout the year; and in the numerous educational institutions, of which U of T is a leader.*

# Greater Toronto Area Live Here

## Celebrations

The city knows how to throw a party. Annual traditions include: the Toronto International Film Festival, which brings hundreds of movies and parties to the city every September; Nuit Blanche, an all-night outdoor art exploration; Caribbean Carnival, one of the largest festivals of Caribbean music, dance and artisanship; North by Northeast (NXNE) Music Festival, a showcase of 1,000+ indie bands, and much more, over ten nights; Toronto Jazz Festival, which infuses Yorkville with cool jazz on warm nights; and one of the largest Pride Week celebrations in North America.

## Transit

Each campus is well connected and accessible to the GTA by public transit. Toronto’s transit system (TTC) is fast, clean and reliable. Subways, buses, streetcars and light rail provide frequent and comprehensive access across the region. U of T also offers direct shuttle bus service between U of T Mississauga and U of T St. George. U of T Mississauga students receive a MiWay (Mississauga Transit) travel pass valid for unlimited travel while enrolled in courses. If you prefer self-propelled transportation, you’ll love this city of cyclists, with its bike lanes and ubiquitous ring-on-a-stick ‘parking’ spots.

## Mississauga

Just west of Toronto, Mississauga is Canada’s sixth largest city. It mixes urban, suburban and natural living. Marvel at the engineering wonder of the Absolute World Towers, 50- and 56-storey towers that torque 180 degrees. Stroll along the 13 km waterfront of Lake Ontario. Catch a pro athletic game at the Paramount Fine Foods Centre. Grab a performance or exhibition at the Living Arts Centre. Shop at Square One, Canada’s second largest mall.

## Annex

The St. George campus is nestled beside the Annex, a century-old neighbourhood known as much for its intellectual and cultural offerings as for its maple-lined, one-way streets and grand Victorian homes. It is also within walking distance of numerous international communities and Queen Street.

## International Villages

All situated close to the St. George campus, you can buy fresh ginger at the Chinatown street market, listen to Fado in Little Portugal, or watch the World Cup at an espresso café in Little Italy. India, Korea and all other curves of the globe are represented, creating Toronto’s mosaic that includes numerous communities united by a distinct culture, yet an integral part of the city’s overall personality.

## Queen Street

Toronto’s cool factor is evident along Queen Street West and area. A short distance from the St. George campus, vintage clothing shops and vendors selling handmade jewelry coexist with stores offering the freshest styles from local indie designers. The wide sidewalks are bustling with patios in warm weather and a variety of live music can be found each night of the week ranging from rock to jazz.

## Scarborough

Located in the eastern part of Toronto, Scarborough showcases some of the city’s most popular and intriguing landmarks. The Scarborough Bluffs are 15 km of earthen cliff shoreline along Lake Ontario. Rouge Park is Canada’s first urban national park and the largest urban park in North America. The Toronto Zoo is the world’s third largest zoo, renowned for its education and conservation activities. Accessible by public transit, the area is Toronto’s greenest, and is also one of the most diverse and multicultural neighbourhoods in the city; U.S. economist Tyler Cowen calls it the “best ethnic food suburb”.

# Admissions TIMELINE

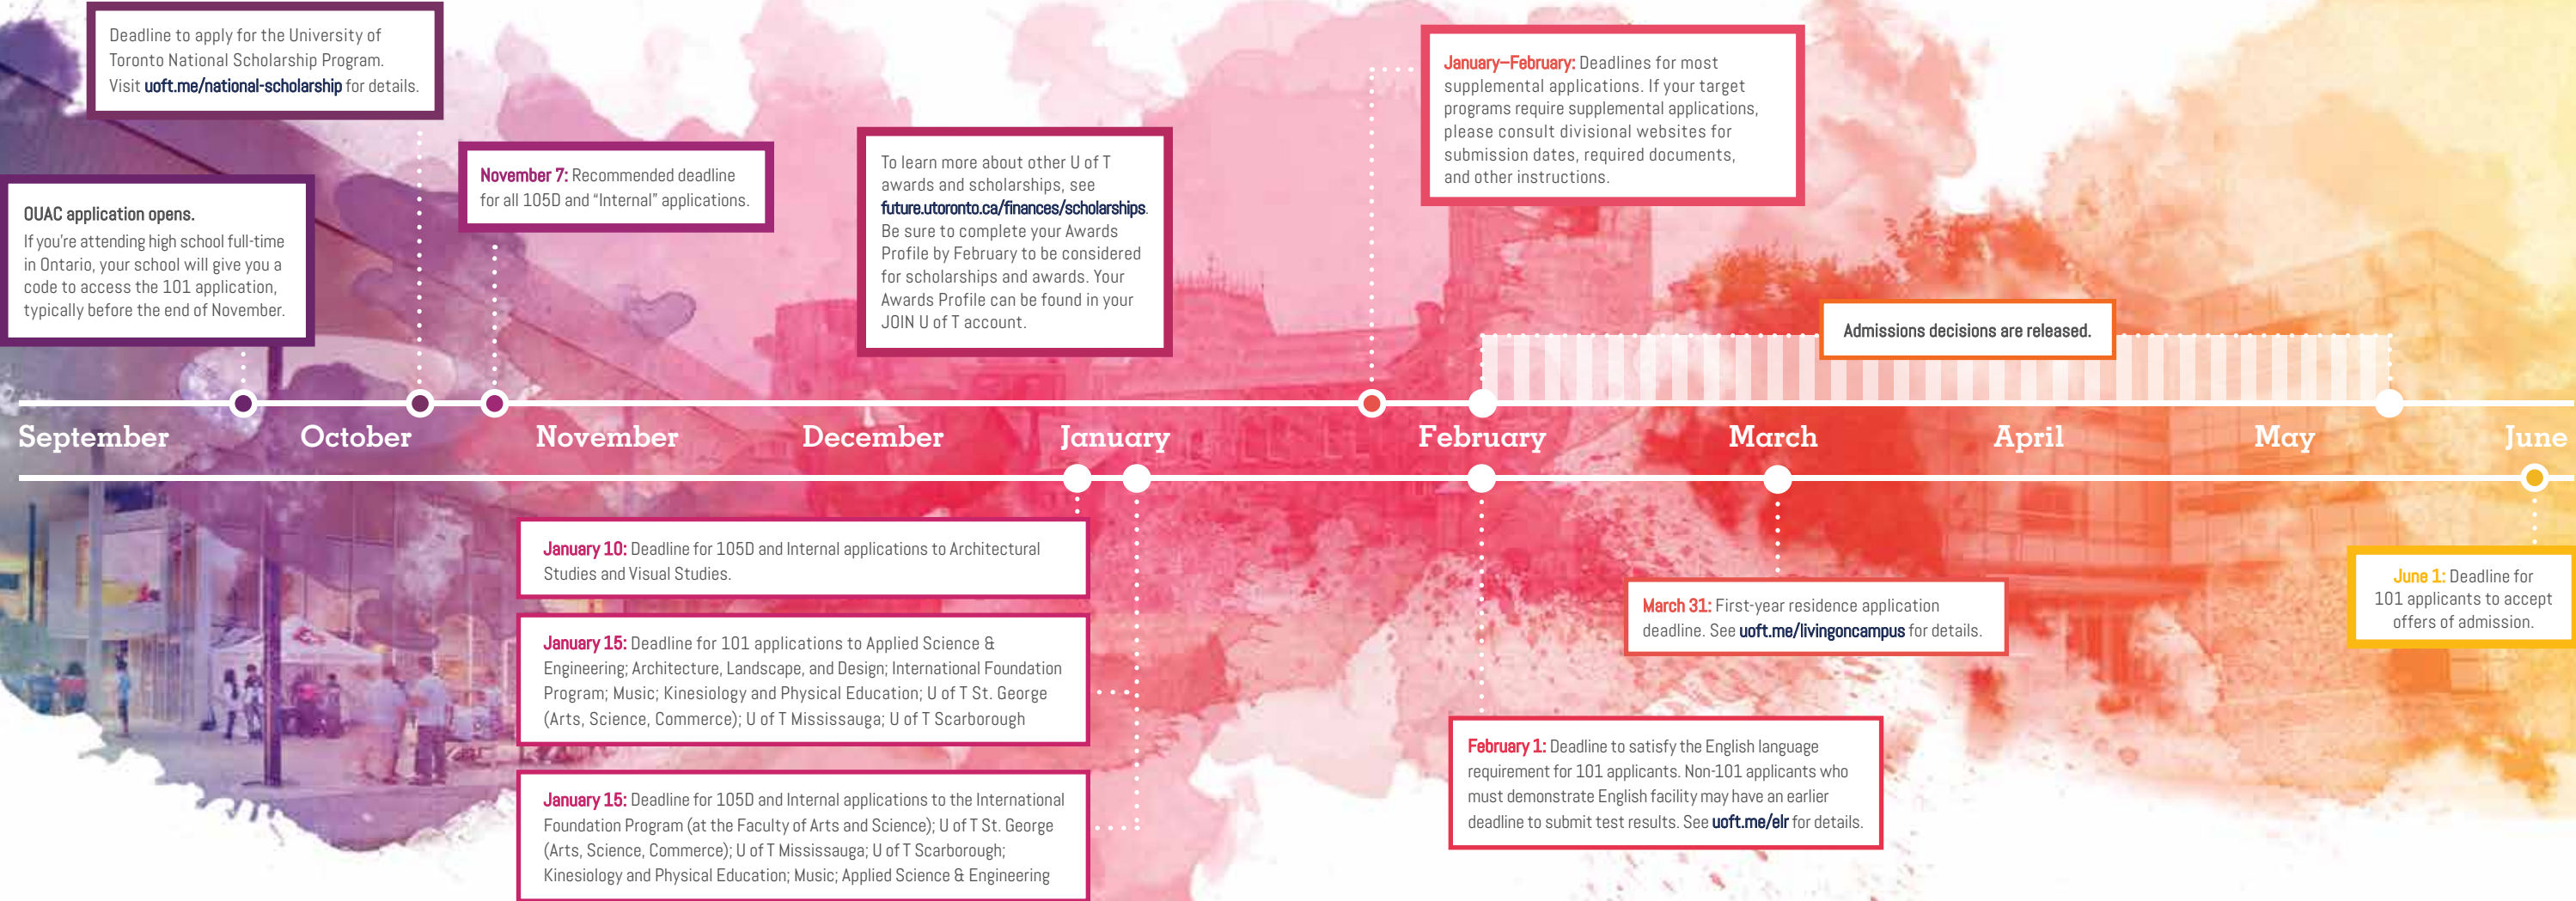

FOR APPLICANTS IN CANADA

All prospective students apply online, most through the Ontario Universities Application Centre (OUAC). If you're currently attending high school full-time in Ontario, your school will issue you a PIN to grant you access to the OUAC "101" application. Your school will submit your marks to us through OUAC. For details, visit [future.utoronto.ca/apply/applying](https://future.utoronto.ca/apply/applying).

Canadian citizens and Permanent Residents who are *not* currently attending an Ontario high school should apply using OUAC's "105D" application. If you were previously registered or are currently registered at U of T, apply using the "Internal" application. If you're submitting a 105D or "Internal" application, we strongly encourage you to apply by November 7, 2019.

Document deadlines vary by division. For a complete list of document deadlines, visit [future.utoronto.ca](https://future.utoronto.ca). We encourage you to submit all required documents well in advance of the posted deadlines. Spaces in programs are filled on an ongoing basis and programs may close before the published document deadlines. Once we receive your application we will send you an email acknowledgement, including full information about the next steps in the application process. Please note that dates and deadlines vary for part-time and non-degree applicants. To learn more, please visit [future.utoronto.ca/apply/important-application-dates](https://future.utoronto.ca/apply/important-application-dates).

Academically qualified students who do not meet our English language requirements may be interested in one of our English language programs. These programs, if completed successfully, will allow students to meet our English facility requirement. They're run on each campus and range in length from six weeks to eight months. These programs include the International Foundation Program on the St. George campus ([uoft.me/intlfp](https://uoft.me/intlfp)); the Academic Culture and English Program at UTM ([uoft.me/utmace](https://uoft.me/utmace)); and Academic English at UTSC ([uoft.me/UTSCae](https://uoft.me/UTSCae)).

# MAKE YOUR MARK!

## *First-Year Foundations: The One Programs*

If you're a first-year arts, science or business student, choose to take advantage of U of T's First-Year Foundations: The *One* Programs' learning opportunities. Through interactive group work, travel or community engagement, these programs will help you transition successfully to university life, as well as build critical thinking and writing skills, intellectual independence and creative imagination.

These dynamic small-group offerings allow you to network with peers, mentors and professors, and explore a broad range of compelling issues. Take some time to read more about U of T's first-year learning options to determine which is right for you.

*The One Programs are run through Innis College, New College, St. Michael's College, Trinity College, University College, Victoria College, Woodsworth College, the Munk School of Global Affairs & Public Policy, U of T Scarborough and U of T Mississauga.*

### VIC ONE

Pursue the award-winning Vic One Program - the first *One* program launched in 2003. Intellectual curiosity is encouraged as students pursue interdisciplinary studies in one of eight Vic One streams focusing on the humanities, social sciences, education, business leadership, physical and mathematical sciences, creative arts and society, and the life sciences. Engage with stimulating guest speakers, experiential learning opportunities, peer mentors and your professors. Enjoy small discussion based seminars that help you develop strong critical thinking, research and writing skills providing you with a solid foundation for success.

Number of credits: 2 Vic One credits  
+ 1 Complementary co-requisite  
[uoft.me/vic-one](http://uoft.me/vic-one)

### TRINITY ONE

Since 2005, the Margaret MacMillan Trinity One program has been a destination for students looking to challenge themselves in an intellectually engaging and supportive environment. We offer six streams: Policy, Philosophy, & Economics; Ethics, Society, & Law; International Relations; the Anne Steacy Biomedical Health Stream; the Butterfield Environment & Sustainability Stream; the Anne Steacy Medicine & Global Health Stream. In addition to seminars, students attend monthly co-curricular talks with leading scholars, as well as other social and academic events designed to open up doors within the University.

Number of credits: 2 credits  
[uoft.me/trinityone](http://uoft.me/trinityone)

### INNIS ONE: The Creative City

Innis One encourages you to foster your creative and critical capacities by exploring the dynamism of the urban environment through the lens of the College's three academic programs: Cinema Studies, Urban Studies and Writing and Rhetoric. Through imaginative, inquiry-based and civic-minded learning, you will gain new insights on the interplay between film, writing and urban landscapes. Small seminars feature films, guest lecturers and special field trips.

Number of credits: 1 credit (via 2 half-credit courses)  
[uoft.me/innisONE](http://uoft.me/innisONE)

### NEW ONE: Learning Without Borders

We live in a globalized world. What is your role and responsibility as citizens? New One courses tackle big issues of our everyday lives that connect us, locally and globally - Food, Language, Digital Technology and Community Art. In small classes and Learning Labs that include all students in the program, you'll explore and question these connections. You'll deepen your understanding of the topics and build your academic skills, drawing on your own experience and trying out creative ways of learning. Your professors and fellow students, guest speakers, and visits to community organizations will inspire you as you engage with social issues that concern us all.

Number of credits: 1 credit (via 2 half-credit courses)  
[uoft.me/newone](http://uoft.me/newone)

### SMC ONE: The Gilson, McLuhan and Boyle Seminars

St. Michael's College offers first-year students the chance to join one of three exclusive seminars that will explore the intersection of faith with today's most important questions.

Number of credits: 1 credit (via 2 half-credit courses) for the Gilson Seminar. 0.5 credit for the Boyle Seminar. 0.5 credit for the McLuhan Seminar.  
[uoft.me/smcones](http://uoft.me/smcones)

### UC ONE: Engaging Toronto

University College's UC One is an exciting set of small-enrolment interdisciplinary courses. Choose from one of four courses that engage different aspects of Toronto: the city's citizenry, the health of its urban fabric, its performing arts scene and the culture and politics of its sexual diversity.

Number of credits: 0.5 credit  
[uoft.me/uc-one](http://uoft.me/uc-one)

### WOODSWORTH ONE

Woodsworth One entails small classes and weekly co-curricular meetings that include skills-building workshops, field trips, guest speakers and more. There are two streams. Order and Disorder focuses on crime, law, war and innovation. It draws upon Political Science, Sociology, History and Philosophy. The Popular Culture stream examines music and film and the social behaviours associated with their consumption, exploring how popular culture works and what it means.

Number of credits: 1 credit (via 2 half-credit courses)  
[wdw.utoronto.ca/woodsworthone](http://wdw.utoronto.ca/woodsworthone)

### MUNK ONE: Global Innovation

Think big and innovate! Through case studies of complex global challenges, Munk One students work in small seminars to identify innovations that succeed, how successful innovations can be fostered, and why innovative solutions sometimes fail to address global problems. Beyond the classroom, you participate in cutting-edge research labs that are tackling real-world issues. Join the rich intellectual community of the Munk School of Global Affairs & Public Policy, and team up to design projects that help address pressing challenges in cyber security, health, development, sustainability and human rights among others.

Number of credits: 2 credits  
[uoft.me/munkone](http://uoft.me/munkone)

### utmONE

Enrich your first year at U of T Mississauga by applying for utmONE Scholars, or by enrolling in a utmONE course! Whether you're in an intellectually stimulating seminar environment that is focused on fostering your research skills (utmONE Scholars), or are in an engaging small-class setting that intently centers on academic skill development (utmONE courses), you will experience interactive learning and make lasting, personalized faculty connections.

Number of credits: Offers 0.5 credit for each utmONE Scholars seminar or utmONE course; can be counted toward Distribution Requirements  
[uoft.me/utmONE](http://uoft.me/utmONE)

### UTSC ONE

The first-year experience at U of T Scarborough offers options for small seminars, fieldwork and engaging workshops to provide you with hands-on educational opportunities. You will have access to a multitude of resources to support your transition to university and your future success.

Number of credits: 0.5 credit for each academic course; other options not-for-credit  
[uoft.me/utscone](http://uoft.me/utscone)

SMALL CLASSES, BIG COMMUNITY.  
HANDS-ON LEARNING.

# Unique Learning Opportunities

U of T offers exceptional range, choice and depth of study. Undergraduate students at U of T can choose from more than 700 academic programs, and they can learn from the best minds and most dedicated teachers in each of these fields of study. 97% of our most accomplished researchers teach undergraduate classes. As a U of T student, you'll want to take advantage of the University's smaller learning environments. Much like the Toronto region, the University is a community of communities. Working with faculty and other students in close-knit learning groups, students can tailor their experiences to their interests and develop passions that will help them make their mark on the world.

**“U of T encourages students to look at the world as a practical laboratory to apply new ideas and explore different avenues.”**

– Jasmeet Sidhu, journalist, activist, recent alumna

## Build Your Own Degree: Specialists, Majors and Minors

When building an Arts, Science, or Business degree, you'll have the opportunity to choose from Specialist, Major, and Minor program options. A Major consists of a concentration of courses in a specific subject area and usually makes up a third of a student's total courses (6 - 9 credits). Specialists are advanced concentrations, where more than half of the courses will be in one academic area (9 - 16 credits). Minors allow students to explore their general interest in a subject area (4 - 5 credits). Overall, in an undergraduate degree, students will take a minimum of 20 credits in a variety of subjects. Programs allow students to concentrate on one or more academic areas while also taking elective courses.

## Research Opportunities Program

Ready to start making your mark? Beginning in second year, the Research Opportunity Program (ROP) gives you the opportunity to conduct research outside of the classroom, working on meaningful projects with some of the University's most renowned professors – for course credit!

## Career Learning

**Co-op:** Fast-track your career with one of the 80+ co-op program options available at U of T Scarborough – the co-op campus. Alternate study terms with work terms, for a total of 8 - 20 months of full-time, paid employment. Whether you're a management student looking at international finance in a foreign context or an aspiring biologist exploring genomics at a teaching hospital, a tailored, unique experience can be found through the co-op programs.

**Professional Experience Year Co-op Program (PEY Co-op):** Students who study engineering or an applied science program at any U of T campus can participate in this program. Spend 12 to 16 months working alongside leaders in your field — anywhere in the world. Engineering students can gain an additional four months of work experience by participating in an optional summer position after second year.

## Global Learning

Our students are in classrooms all over the world. The Centre for International Experience partners with more than 150 institutions in over 40 countries to offer a variety of global opportunities, and the Summer Abroad program offers more than 39 courses in 19 countries. U of T Scarborough co-op students may participate in international work terms, field courses and more.

## Service Learning

All three campuses offer you the opportunity to combine classroom learning in a credit-earning course with real-life experiences in the surrounding community to impact critical social issues. Examples include a French student improving her language ability by working with an immigration settlement agency or a Human Biology student sharing his passion for science with young people.

# Discover our 3 CAMPUSES

Students at each of our campuses benefit from distinctive learning environments and co-curricular opportunities while earning the same prestigious U of T degree.

On all three campuses, residence is guaranteed for new full-time students entering their first year of a post-secondary program for the first time, provided that they indicate their interest in residence by completing the First Year StarRez application by **March 31**, and receive and accept an offer of admission by **June 1**. Students must respond to all deadlines and meet all deposit requirements to maintain their eligibility.

## U of T Mississauga

Nestled in Canada's sixth largest city, U of T Mississauga is 27 km west of downtown Toronto, and is accessible by shuttle bus and public transit. Its unique programs include Canada's premier Forensic Science programs; a Department of Language Studies that offers cross-cultural linguistic, literary, and pedagogical training; two business degrees (BCom, BBA); and joint programs with Sheridan College in Art and Art History; Theatre and Drama; and Communication, Culture, Information & Technology. It is also home to one of the academies of our Faculty of Medicine, as well as the Institute for Management and Innovation, and has strong ties to government and industry throughout the City of Mississauga.

## U of T St. George

Featuring a blend of neo-Gothic and ultra-modernist architecture, U of T St. George is in downtown Toronto. Since 1827, it's been home to world-class professional and postgraduate faculties, along with programs across five first-entry divisions: Arts & Science; Applied Science & Engineering; Music; Kinesiology & Physical Education; and Architecture, Landscape & Design. Every student in the Faculty of Arts & Science is affiliated with one of seven colleges: Innis, New, St. Michael's, Trinity, University, Victoria, or Woodsworth. Colleges offer students a home base and close-knit community, but do not affect program eligibility.

## U of T Scarborough

U of T Scarborough students get a head start on their futures at U of T's co-op campus with 80+ arts, science and business co-operative learning programs. Students also acquire experience and highly desirable skills through internships, community engagement, leadership development and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society. You'll find one-of-a-kind programs in management, arts, and sciences, along with specialized programs like Mental Health Studies, International Development Studies, and combined degree options. This dynamic campus is in a multicultural neighbourhood surrounded by parklands, and features new buildings by award-winning architects, including the Toronto Pan Am Sports Centre, the Environmental Science & Chemistry Building, and Highland Hall.

# Be a part of U of T St. George

## U of T St. George

St. George is the largest and most urban of U of T's three campuses. A thriving mix of century-old architecture and urban innovation, the St. George campus includes five direct-entry undergraduate faculties and seven Arts & Science colleges, as well as a wide range of professional and graduate programs. Each of the seven colleges has its own residences and study spaces, giving you the advantage of combining small school surroundings with the experience of attending a large university. Across the campus, you'll discover amazing spaces in which to work and play.

## Community

U of T St. George provides an extensive range of student services, from career and academic supports, to counselling and health care, to student housing services and beyond. More than 800 recognized student organizations provide opportunities to get involved in the arts, politics, culture, spirituality, activism and athletics, giving you the chance to take your learning beyond the classroom. What's more, you're just steps from some of Toronto's most vibrant and eclectic neighbourhoods—so, while there are plenty of places to study and chill out on campus, it's easy to check out the city's arts, culture, sports and nightlife.

## Resources

Life and learning on the St. George campus takes place at many diverse and innovative landmarks across campus. Experience the treasures in the 1970s larger-than-life Robarts Library or conduct some cyber-sleuthing at the Citizen Lab. Cultivate your dramatic talents at the Hart House Theatre. You will have access to some of the world's leading minds in art, political science, philosophy, engineering, science, drama and music. After all, ten Nobel Laureates have taught, or were students themselves, on this very campus.

# Be a Part of it ● *Life at U of T St. George*

- Established over 180 years ago
- Five direct-entry undergraduate faculties and seven Arts & Science colleges, as well as a wide range of professional and graduate programs
- U of T St. George is home to the: John H. Daniels Faculty of Architecture, Landscape, and Design; Faculty of Applied Science and Engineering; Faculty of Arts & Science; Faculty of Music; Faculty of Kinesiology and Physical Education
- More than 800 recognized student organizations provide opportunities to get involved in the arts, politics, culture, spirituality, activism and athletics
- A thriving mix of century-old architecture and urban innovation
- Ten Nobel Laureates have taught, or were students themselves, at St. George in art, political science, philosophy, engineering, science, drama and music
- Over 50 languages are taught in the Faculty of Arts & Science
- Steps from some of Toronto's most vibrant and eclectic neighbourhoods — check out the city's arts, culture, sports and nightlife
- Exercise your flair for drama at the Hart House Theatre, where Donald Sutherland was once a student actor

# St. George RESIDENCES

When you join the University of Toronto, you become part of a community. Your home away from home might be at one of our seven colleges (Innis, New, St. Michael's, Trinity, University, Victoria, Woodsworth) or at Chestnut Residence in the downtown core.

Living on campus means having a live-in support network: your friendly neighbourhood Dons and Resident Assistants will always be right down the hall from you, and our classrooms, athletic centres, labs, and libraries will never be more than a quick dash away. Never again will you have an excuse to skip a workout—or a group study session.

Each of our residences has its own intramural teams, student councils, and social committees, not to mention delicious, cosmopolitan meal plans prepared by our in-house chefs. Each residence also offers a variety of room styles: dormitory-style residences feature single and double rooms with common dining areas, while apartment-style residences consist of single rooms that open to a shared kitchen, washrooms, and living area. Our heritage residences feature both single and double rooms. Whether you're looking for a quiet reading nook, the chatty atmosphere of an Old World café, or an airy alcove for a late-night heart-to-heart, you'll find it here.

**For specifics on each residence's living and dining options, check out [uoft.me/residence-descriptions](https://uoft.me/residence-descriptions), or flip to the handy bulletin tucked in the back of this book.**

If you're thinking about living off campus, U of T's Housing Services office can help you navigate the rental market and find a place that suits you. Our Off-Campus Housing service features a directory of listings, a roommate-finder service, a buy-and-sell board, and all sorts of practical wisdom on how to clinch a great apartment and make it your own. Learn more at [offcampushousing.utoronto.ca](https://offcampushousing.utoronto.ca).

No matter where you live, you'll love being just steps away from all of the nightlife, sports, fashion, and fun that make Toronto one of the world's most liveable cities.

John H. Daniels Faculty of

# Architecture, Landscape, and Design.

## PROGRAM CATEGORIES

Architectural Studies

Visual Studies

The undergraduate programs in Architectural and Visual Studies provide a broad design and arts based lens through which to study humanities, and gain a deep foundation in all the disciplines related to architecture, urbanism and visual art. All students complete an Honours Bachelor of Arts (HBA) degree.

The Daniels Faculty is an internationally renowned design school located at 1 Spadina Crescent, the heart of U of T St. George in downtown Toronto. Studies at home and abroad provide a dynamic laboratory for creative design, research and education. At Daniels, you will have direct access to distinguished professors, a diverse and talented group of graduate students, and a wide array of courses and academic opportunities that one of the world's top-ranked universities, and one of its most cosmopolitan cities, has to offer.

### Why Study Architecture

The Daniels Faculty prepares its graduates to imagine the future of our built environment, grounding them in innovative approaches to design. Our graduates pursue careers in a wide range of design and environmentally related fields, from architecture, city planning and sustainable building sciences, to film. Whether you eventually wish to enter the professions of Architecture or Landscape Architecture (both of which require graduate degrees at the master's level), or plan on a career or graduate study in a related field, the Architectural Studies program will give you unparalleled and internationally recognized academic preparation.

### Why Study Visual Studies

Our innovative Visual Studies program provides instruction in studio practice combined with critical discourse involving all aspects of contemporary visual culture, through lectures, seminars and field trips. The Daniels Faculty provides opportunities for students to explore studio classes that are offered in a variety of media. Courses are offered in most areas of contemporary art practice, including discipline specific and interdisciplinary studios. Visual Studies courses emphasize a strong commitment to the social, cultural and theoretical issues embodied in the current art community.

## Why Study Arts & Science

Experience the best of big and small with the Faculty of Arts & Science at the University of Toronto. Enjoy the broadest range of academic options in Canada, while also finding a small community experience through our unique college system. With incredible variety and a wide range of learning opportunities available, the Faculty of Arts & Science offers you an outstanding undergraduate experience.

## Choice and Opportunity

With over 300 programs and 4,000 courses to choose from, you can find countless ways to pursue your academic interests in a wide array of arts, science and business disciplines. Choice and opportunity are hallmarks of a Faculty of Arts & Science education. You can combine programs in vastly different academic areas to create a degree that is personalized to your interests. Interested in international relations and physics? Or computer science and Russian literature? How about human biology and actuarial science? You will have the freedom to mix and match your studies.

## A Range of Learning Experiences

The Faculty of Arts & Science is always striving to create innovative and exciting learning experiences to complement and enhance your academic career. These experiences begin in first-year with small-group opportunities like First-Year Foundation One Programs, First-Year Foundation Seminars and First-Year Learning Communities. As you progress into upper years, you can travel internationally with our Summer Abroad courses and International Course Modules, and delve into research with the Research Opportunity Program and senior research courses.

## >Start

When you apply to the Faculty of Arts & Science, you will choose one of six broad admission categories: Humanities, Social Sciences, Rotman Commerce, Life Sciences, Physical & Mathematical Sciences or Computer Science. At the end of first year, you will apply for your specific program(s) of study. Even if you don't know your intended program now, you have plenty of time to figure it out — usually by taking a mix of courses in first year that prepare you for a variety of programs. Offers of admission to the Faculty are typically made between February and late May. Complete admission information for the Faculty of Arts & Science is available at [uoft.me/art-sci](https://uoft.me/art-sci).

The St. George Campus Colleges

The college system is at the heart of the Arts & Science experience on the St. George campus. Every Arts & Science student is a member of a college, a close-knit community with support services and social events to make university an exceptional time.

Each of the seven colleges has its own culture, yet provides similar services including: academic counselling and support;

financial counselling, scholarships and bursaries; writing centres; orientation activities; accommodation; study spaces, reading rooms and computer facilities; social and cultural events; student government, newspapers and other resources. Students in the Faculty of Arts & Science have access to all courses, programs, and First-Year Foundation opportunities regardless of their college membership.

Your college community provides a small and supportive home within U of T. It's where you will spend time between classes, find groups and activities to join, and meet some of your closest friends.

To learn more about the colleges visit [uoft.me/yourcollege](https://uoft.me/yourcollege)

## Make an Impact: Study Engineering

There has never been a more exciting time to be an engineering student. While science helps us understand our world, engineering applies that knowledge to design technologies that address critical global challenges. Engineering innovation improves lives in many ways, including decontaminating groundwater, helping the elderly through assistive robots, and using nanotechnology for enhanced disease detection.

Engineering is a dynamic profession that offers many rewarding career pathways. Our graduates work in industry and government, start their own businesses, and pursue further education in engineering, law, medicine, public policy and business — to name a few. Wherever you want to go, U of T Engineering will take you there.

## Study Engineering at U of T

Our rapidly changing world requires a new kind of engineer: one who can apply their technical expertise across traditional disciplinary boundaries, consider diverse perspectives, collaborate with others, and understand their professional purpose within the larger context. This is precisely the kind of engineer we graduate at U of T Engineering.

We are the #1-ranked engineering school in Canada and one of the best in the world. At U of T, you will have unparalleled opportunities to innovate, create and collaborate across disciplines as you develop the technical, leadership, communication and entrepreneurial competencies you will need to succeed in an increasingly complex global marketplace.

## Customize Your Degree

U of T Engineering offers the most dynamic engineering education in Canada, taught by world-class educators and researchers. With nine direct-entry programs to choose from, as well as TrackOne, an undeclared first year in engineering, you will graduate with a superb foundation in engineering that is recognized globally. You can also tailor your learning through our diverse cross-disciplinary minors and certificates — including artificial intelligence, biomedical engineering and music technology — as well as minors offered by the Faculty of Arts & Science. Additionally, more than 70 percent of our students opt into the Professional Experience Year Co-op Program, which provides up to 20 months of career-building experience in industry.

## Community

Diversity deepens the engineering creative process and enriches the profession. Our Faculty is committed to fostering an environment in which each member of our community can excel, contribute and benefit from different perspectives. Engineering forms a tightly knit and supportive community on U of T's St. George campus. As an engineering student, you will attend many of your classes with the same peers, making it easy to develop new friendships. With 100+ engineering clubs to choose from, opportunities to nurture your interests are limitless.

## >Start

When you apply, you'll choose from one of two pathways to begin your journey at U of T Engineering: Core Programs or Engineering Science. All engineering programs are four years in length, and all engineering students are eligible to participate in the optional Professional Experience Year Co-op Program (PEY Co-op) — see below for details.

## 1. Core Programs

**Declared:** If you know which area of engineering you want to study, you can apply directly to one of the following Core 8 programs: Chemical; Civil; Computer; Electrical; Industrial; Materials; Mechanical; and Mineral. Upon completion of your Core 8 program, you'll receive a Bachelor of Applied Science (BASc) degree.

**Undeclared:** Known as TrackOne, this first-year engineering program is designed for those who are interested in exploring all fields of engineering before declaring their area of interest. At the end of first-year, you will select your place in one of the Core 8 programs for the remaining three years of your degree.

## 2. Engineering Science

This direct-entry program is for students who are looking for an extra academic challenge. In the first half of your four-year program, you will build your foundation in math, science, computing, humanities and a breadth of engineering topics. For the last two years of your program, you will specialize in one of eight majors: Aerospace; Biomedical Systems; Electrical & Computer; Energy Systems; Engineering Mathematics, Statistics & Finance; Engineering Physics; Machine Intelligence; or Robotics. Students in Engineering Science graduate with a BASc in Engineering Science degree.

**Professional Experience Year Co-op Program (PEY Co-op)**  
PEY Co-op is your opportunity to work for 12 to 16 consecutive months in a company of your choosing after third year. You can also work for an additional four months after second year, giving you up to 20 months of paid work experience before graduation. PEY Co-op is an optional program, and includes a range of career-development modules to prepare you for professional success. This program gives you unparalleled access to 1,500+ positions across every industry, and you can earn an average 12-month salary of \$50,000. You'll receive details on how to indicate your interest in PEY Co-op after submitting your OUAC application.

**The Entrepreneurship Hatchery**  
Through The Entrepreneurship Hatchery, you will have the support you need to turn your great ideas into prototypes and successful startups, like Peter Wen's company TeleHex (pictured). TeleHex is a unique ultra-compact tool that uses telescoping parts to automatically fit the right sized key into the sockets that adjust several bicycle parts.

**Troost Institute for Leadership Education in Engineering (Troost ILead)**  
Successful engineers understand themselves and inspire others toward a common vision. The first centre of its kind in Canada, Troost ILead offers courses, certificates and programs to help you develop your foundation as an engineering leader. Troost ILead is part of the Institute for Studies in Transdisciplinary Engineering Education and Practice, a centre dedicated to ensuring that you graduate with the qualities and experience you need to thrive in your chosen career.

## Why Study Music

As a science, an art form, and an emotional outlet, music has the power to enrich society and transform lives. Musicians and music educators have the ability to inspire, inform and entertain across diverse traditions, making music one of the most enriching art forms in the world. A degree in Music provides professional training combined with a broad university education that includes interdisciplinary intersections with the Health Sciences, Technology and Humanities. It fosters creativity, critical thinking, discipline, and precision while promoting teamwork, collaborative processes, and social development. The depth and breadth of Music programs position students to explore diverse career trajectories both within and outside of Music.

## Study Music at U of T

Established in 1918, U of T Music is Canada's leading Comprehensive institution for higher education in Music. Home to a diverse and dynamic community of scholars, performers, composers, and educators, U of T Music offers a supportive community in one of the world's most diverse and dynamic cities. We provide a superb learning environment, an internationally renowned teaching faculty, multiple performance halls, and an outstanding music library collection. We pride ourselves on tradition and innovation, reaffirming fundamental practices while creating new ones. With degrees and diplomas available in numerous areas of study, our array of courses and programs provides our students an exceptional opportunity to explore various fields within music and beyond.

## >Start

If you live within 400 km (250 miles) of Toronto, you must audition in person. If not, you may submit a recorded audition but it is strongly advised to come for a live audition. Auditions are held in February and early March. Please review [uoft.me/MusicAdmReq](https://uoft.me/MusicAdmReq) for guidelines.

As part of the audition and interview process, you will be asked to play pieces you have prepared and answer questions that help us assess your musical knowledge as well as your musical interests. You may audition on any standard orchestral or band instrument, classical guitar, free bass, accordion, historical instrument, piano, organ or voice. Complete admission information is available at [uoft.me/studyMusic](https://uoft.me/studyMusic).

As part of our concert season, which offers 600+ concerts and recitals annually, two fully-staged operas are presented in our 815-seat MacMillan Theatre.

The Music Library at the University of Toronto houses the largest music research collection in Canada and supports scholarship, composition, and performance at the Faculty, University, and beyond...

From African Drumming and Dancing to Japanese Taiko Drumming, we bring the diversity of the City of Toronto into the classroom through our world music ensembles.

# Faculty of Kinesiology & Physical Education

## PROGRAM CATEGORIES

Kinesiology and  
Physical Education

**1,000**  
Students enrolled

**1**  
Program

Contact information:  
416.978.0278  
[uoft.me/kinesiology](https://uoft.me/kinesiology)

## Why Study Kinesiology & Physical Education

With the growing awareness of the role of physical activity in the optimization of health, and in the prevention and treatment of the leading causes of illness and disease, there is an increasing demand for professionals in the field of kinesiology and physical education. By studying kinesiology and physical education, you will gain a strong background in the behavioural, biophysical, and socio-cultural bases of physical activity and health, and the skills necessary to work in a variety of settings (for example: health care facilities, universities, research institutes, schools, sport organizations, recreation sites and government sport agencies).

## Kinesiology & Physical Education at U of T

U of T's Faculty of Kinesiology & Physical Education offers a compelling range of courses that provide you with theoretical knowledge integrated with an extensive and unmatched experiential education curriculum, to develop evidence-based hands-on skills. Students are able to study within a small supportive community and state-of-the-art facilities. The undergraduate program is accredited in Kinesiology and also in Physical Education Teacher Preparation. All courses are taught by accomplished scholars and scientists who bring their scholarship and research expertise into their classrooms and teaching labs.

## >Start

All applicants to the Faculty of Kinesiology & Physical Education must submit an online Statement of Interest in addition to meeting the academic requirements. If you do not complete the Statement of Interest before the deadline, you will not qualify for admission. Complete admission information is available at [uoft.me/kinesiology](https://uoft.me/kinesiology).

LEARNING THROUGH EXPERIENCE

*Be a part of*

# U of T Mississauga

## U of T Mississauga

U of T Mississauga offers you the benefit of earning a prestigious U of T degree with the rewards of studying at a small, intimate campus. Here, you will find undergraduate and graduate programs in humanities, social sciences, sciences, business, forensic science, and fine arts that are taught by renowned experts in their fields. At U of T Mississauga, you are surrounded by 225 acres of protected green space, while the urban bustle of Toronto city centre is just 27 km away.

## Community

Community is the essence of U of T Mississauga. It is a place where debate is encouraged and diversity is embraced. U of T Mississauga is known as a small and friendly campus where getting involved in student life is easy. Our campus is home to more than 160 student groups and clubs. At U of T Mississauga, you can participate in arts, science, social, political and cultural events, creative exhibits, film screenings and concerts.

## Resources

Your U of T Mississauga experience takes place across award-winning facilities, including the Hazel McCallion Academic Learning Centre, an innovative and advanced library and information complex; the Recreation, Athletics and Wellness Centre (RAWC), a state-of-the-art fitness facility; the Erindale Studio Theatre; the Terrence Donnelly Health Sciences Complex; the Instructional Centre; the Innovation Complex; and Deerfield Hall. U of T Mississauga students have access to a number of student support services such as academic coaching through the Robert Gillespie Academic Skills Centre; medical services at the Health and Counselling Centre; career counselling at the Career Centre; special needs support through Accessibility Services; support for international students; and a range of transition programs for first-year students.

# Be a Part of it: *Life at UofT Mississauga*

- Undergraduate and graduate programs in humanities, social sciences, sciences, business, forensic science, and fine arts that are taught by renowned experts in their fields
- The first division at U of T to obtain its own coat of arms
- 225 acres of protected green space in a safe and picturesque neighbourhood
- Hands on, research-focused teaching and learning
- Situated in Canada's 6th largest city
- The City of Mississauga is home to HP, Microsoft, PepsiCo, General Electric and Walmart Canada headquarters
- The autonomous campus paper, The Medium, began in 1969 as The Erindalian and was later known as Medium II to signify the second medium on campus after radio
- With a length spanning 90 kilometers, the Credit River runs through the campus on its way to Lake Ontario
- Your U of T Mississauga experience takes place across award-winning facilities, including:

\*Some programs joint with Sheridan College

**U of T Mississauga facilitates admission to undergraduate studies through a variety of pathways.**

**Visit [utm.utoronto.ca/pathways](https://utm.utoronto.ca/pathways) for more information.**

Select from 180+ program options among 90+ areas of study that are enriched by the opportunity to work in university and industry-based research labs, work placements, internships and mentorship programs.

### Distinctive Options

U of T Mississauga is unique amongst Canadian universities in offering both undergraduate Bachelor of Business Administration and Bachelor of Commerce programs.

### Combined Degree/Diploma/Certificate Options

If you are looking for a degree with more practical experience, U of T Mississauga offers joint programs with Sheridan College in CCIT (Communication, Culture, Information & Technology), Art and Art History, or Theatre and Drama. The benefits of these options are that you earn both a university degree from U of T Mississauga (where you take academic classes) and a college diploma or certificate from Sheridan.

Combined Honours Bachelor's/Master's degree programs are offered in Environmental Management, Environmental Science, Psychology/Child Study & Education, and Exceptionality in Human Learning/Child Study & Education.

U of T Mississauga's new certificate programs, completed concurrently with your undergraduate degree, will enrich your understanding of the concepts you learn in class, and help strengthen your skills for today's economy. Certificate programs are offered in Global Perspectives; Advanced Economics; and Digital Media, Communication and Technology.

### Experiential Learning

U of T Mississauga connects you with opportunities to learn both inside and outside the classroom by gaining valuable work, field and in-class experience. You can develop a number of discipline-specific and transferable skills in areas like research, communication, and leadership by participating in Experiential Learning opportunities.

### Academic Internship Courses

Academic internship courses are designed to supplement classroom learning with practical work-based experience in the public, private, or not-for-profit sectors.

### Research Opportunity Program (ROP)

The ROP provides second- to fourth-year students with the chance to collaborate on the research of a faculty member and/or community partners while earning a course credit.

### Community Engaged Learning

Community Engaged Learning enables you to combine the classroom curriculum with self-reflection and academic learning objectives, which are connected to meaningful involvement in the community.

### Professional Experience Year Co-op Program (PEY Co-op)

Students in Commerce or Computer Science may participate in PEY Co-Op. This 12- to 16-month paid work placement allows you to work on large scale projects, reach professional milestones, network, develop lasting professional relationships and gain significant experience outside the classroom.

Deciding that U of T Mississauga is the campus for you is the first step towards admission. Complete admission requirements to all of U of T Mississauga programs are available at [uoft.me/studyUTM](https://uoft.me/studyUTM). Offers of admission are typically made between February and late May.

# Be a part of U of T Scarborough

## U of T Scarborough

Earn a prestigious U of T degree while benefitting from U of T Scarborough's cutting-edge research, outstanding faculty renowned in their fields, vibrant student life, and hands-on experiences to build quality resumé.

Three hundred acres of beautiful parkland coupled with easy access to Toronto's city centre serve as an inviting background for undergraduate studies in the arts, sciences, and management. U of T Scarborough is U of T's co-op campus and offers formal arts, science and business co-op programs which feature degree studies plus work experience in a wide range of fields and industries. Our intimate campus setting allows you to easily engage with your classmates and get to know your professors while earning a degree from Canada's premier university. The opportunities to get involved within this lively, close-knit community are boundless.

## Community

Building relationships is made easy through the more than 200 student clubs and the wide variety of activities. You can get involved in academic, athletic, cultural and recreational groups. U of T Scarborough's artistic community is active and vibrant; budding artists or performers will find it both stimulating and inviting.

## Resources

U of T Scarborough is committed to ensuring student success, which means you can benefit from numerous programs, services and workshops to ensure you reach your full potential.

As a student, you will have access to great facilities, including the new Environmental Science & Chemistry Building where research and teaching will focus on environmental issues such as climate change, groundwater pollution in urban settings, restoration of degraded environmental systems, and rising sea levels; and the Student Centre, which is home to the student union, a media room, multi-faith prayer rooms, a food court, a restaurant and pub, and the Department of Student Life.

The Toronto Pan Am Sports Centre was one of the major sites for the 2015 Pan American/Parapan American Games. This complex now offers U of T Scarborough students a vast array of recreational and personal fitness programming and innovative educational opportunities. With world-class training facilities, two Olympic-sized pools, multi-level diving boards, a four-court gymnasium, an indoor track, a rock climbing wall, an entire weight and cardio floor, and a centre for high performance sports, our students will be exposed to the very latest and greatest in technology, equipment and athletic theory.

# Be a Part of it. *Life at U of T Scarborough*

- More than 1,600 student-run programs and events each year
- More than 200 student clubs

**U of T Scarborough is located in Scarborough which is also home to:**

- 15 km of earthen cliff shoreline known as the Scarborough Bluffs
- Canada's first urban national park, Rouge Park
- World's third largest zoo, the Toronto Zoo
- The "best ethnic food suburb," according to Tyler Cowen, American economist, culinary critic, and author of *An Economist Gets Lunch: New Rules for Everyday Foodies*.

## **Co-op**

# Study at Uoft Scarborough

## PROGRAM CATEGORIES

Computer Science, Mathematics & Statistics

Double Degree: BBA/HBSc

French

Journalism

Life Sciences

Management

Paramedicine

Physical & Environmental Sciences

Psychological & Health Sciences

Social Sciences & Humanities

Visual & Performing Arts, Arts Management, and Media

At U of T Scarborough, you can select from 250+ program options and more than 1,150 course offerings spanning the arts, sciences and management. Combine programs in interesting ways to create a truly unique U of T degree.

## Learning by Doing

U of T Scarborough offers a myriad of opportunities to put knowledge into practice, thereby reinforcing theories taught in class by their application within the real world. All students benefit from developing 'soft skills' such as communication training, with specific opportunities: Co-op programs, Service Learning and Outreach, visual and performing arts practical courses, field courses, internships, leadership development programs, volunteering, international development projects, mentorship and community outreach. U of T Scarborough is the campus for those students who learn best by doing.

## Unique Degree Options

One of U of T Scarborough's academic strengths is the focus on combining credentials for maximum impact. Students can pursue their U of T degree with a diploma/certificate from Centennial College in journalism, paramedicine or new media studies. Combined degree programs allow students to combine a Bachelor degree concurrently with master's studies. A brand new BBA/HBSc double degree combines management with quantitative finance for a powerful new credential. These programs give students the theoretical foundation, critical thinking, analytical and technical skills needed for today's knowledge economy.

## Co-op Program

U of T Scarborough is U of T's co-op campus and offers formal co-op programs in the arts, sciences and management. Leaders in co-op education for 40 years, U of T Scarborough's co-op programs give you on-the-job learning within full-time, salaried work terms in industries, organizations and businesses relevant to your field of study. co-op programs let you spend two to five semesters (dependent on program of study) in professional workplaces at a wide range of reputable employers. A U of T Scarborough co-op education provides the skills, knowledge and expertise to secure rewarding positions with outstanding employers after graduation. It also serves as excellent preparation for graduate school and professional programs.
