

# Nearly 300 health systems use Vizient's analytics to grow their sustainable procurement programs. Does yours?

Vizient's industry-leading Environmentally Preferred Sourcing (EPS) program sets the standard for reducing your environmental impact while empowering smart, sustainable, resilient choices. Our custom dashboard also helps you achieve your goals based on your supply chain data. Plus, it's free for members.

Learn more about our EPS program at [vizient.com/eps](https://vizient.com/eps)
