DID YOU KNOW?
THERE ARE 2 MILLION WOMEN VETERANS LIVING IN THE UNITED STATES TODAY
DO YOU KNOW HOW MANY ARE IN YOUR PRACTICE?

MARY SIMMS U.S. Army Veteran

If you are a health care provider, chances are you are providing care for a woman Veteran. And you may not even know it.

Take this free, accredited, one-hour, online training to learn how to better serve the women Veterans entrusted in your care.

Women Veterans have some unique health care needs. Musculoskeletal pain and mental health concerns are just two examples of conditions that affect women Veterans differently than women who have not served.

In this Department of Veterans Affairs Course: Caring for Women Veterans in the Community, you will learn to:

- Recognize how women's military service impacts their changing medical care needs
- List the key components of a military history
- Recognize gender-specific clinical manifestations of common Veteran health issues
- Apply strategies for integrating patient-centered, sensitive care into the pelvic exam of a women Veteran

This course is available 24/7 and offers JA-IPCE, ACCME, ACCME-NP, ANCC, ASWB, AAPA, ACPE accreditation to health care teams, doctors, nurses, social workers, pharmacists, nurse practitioners and physician assistants.
