Finally, quality benefits solutions designed for your small business.

Providing quality, affordable health care benefits shouldn't be overshadowed by the complexity of managing them. That's why Everwell was created: to lighten the burden by providing one-stop, online access to all of your medical and voluntary benefits, plus the support you need to help navigate Health Care Reform.

Employees just point, click and enroll.

Now giving your employees the ability and freedom to select the health insurance, dental and vision plans they choose is easy. With Everwell, you can even offer voluntary and supplemental insurance policies, too.

Aflac policies offered through the Everwell exchange site are underwritten by American Family Life Assurance Company of Columbus or American Family Life Assurance Company of New York.

Spend more time managing your business and less time managing your benefits options.

Everwell is powered by Aflac, so you have the peace of mind that comes from knowing your benefits platform is backed by over 60 years of benefits experience with small businesses just like yours.
