ARE YOU A VETERAN?
DO YOU NEED COVID-19 SELF-TEST KITS?

VA knows protecting the health of your loved ones is important to you. **COVID-19 testing is safe, accurate, quick, and can be completed at home.**

Why take a test?

Take a test if you have been exposed to COVID-19 or need to make sure you are not infected before visiting a loved one who is at risk of severe COVID-19 – like pregnant women, young children, the elderly, and people with diabetes or obesity.
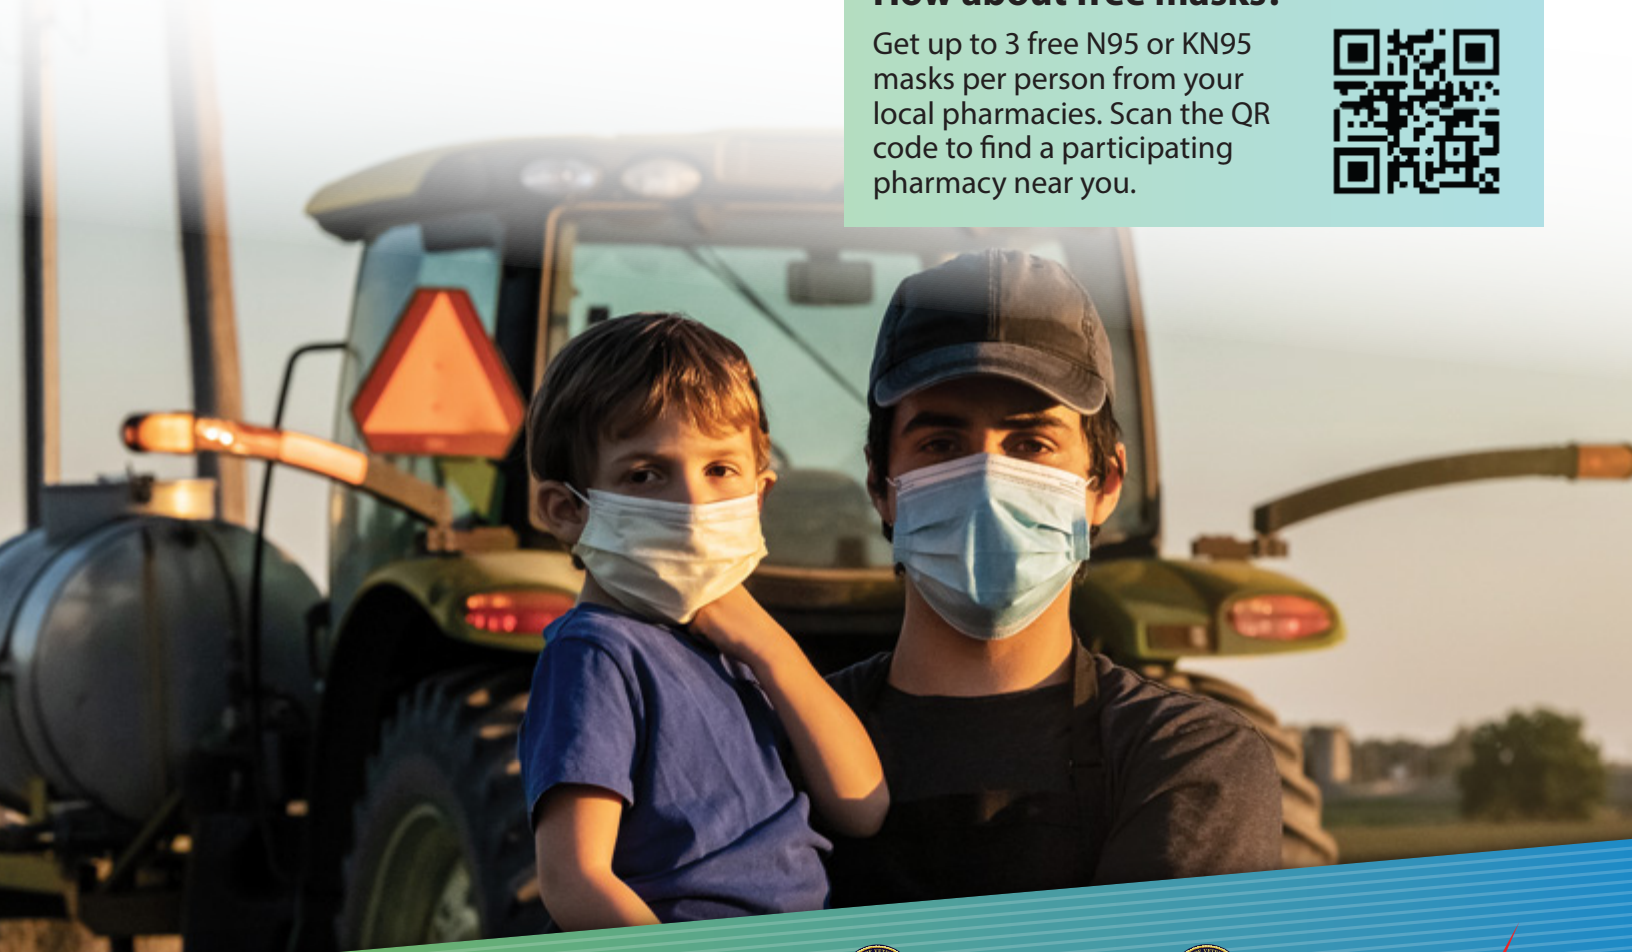

How do I get free self-test kits?

Every home in the U.S. is eligible to order 4 COVID-19 self-tests from **CovidTests.gov**. **The tests are completely free**. You can do this by visiting the website, or by calling 1-800-232-0233 to speak to someone in English, Spanish, and more than 150 other languages. This call-line is open 8 a.m. to midnight ET, 7 days a week. There's also a TTY line (1-888-720-7489) to support access by hearing-impaired callers.

How about free masks?

Get up to 3 free N95 or KN95 masks per person from your local pharmacies. Scan the QR code to find a participating pharmacy near you.
