

We *educate* in ways a classroom can't.

“Griffin was diagnosed with autism when he was two. The first time I heard him sing, he was eleven and standing on the stage at Muncie Civic Theatre. His voice was pure and sweet and true. He truly did soften the hardest of hearts.

- Kelsey Timmerman, Griffin's dad

We welcome entire families to participate in shows together, creating deeper connections to each other and the community. **They are learning so much more than how to act. They are learning how to live.**

EVERYONE HAS A ROLE.
WE NEED YOU

Center Stage

WE ARE SO MUCH *More* THAN A SHOW

You may know us for shows that **ENTERTAIN**, but to be the theatre for the whole community, we must **EDUCATE** and **ENGAGE** in ways that connect us all.

We *engage* the community inclusively.

Barrier-Free Theatre empowers adults with developmental challenges to create and perform stories together, enhancing self-expression, social-emotional growth, and meaningful connections.

Our programming reaches those who have never had access to the theatre, through:

- Page-to-Stage partnership with Muncie Community Schools
- Sensory-Friendly performances
- Captioned and ASL (American Sign Language) Interpreted shows
- Youth Scholarships (no child is turned away)
- School matinees
