

Our Priorities

Safe and confidential.

Our records cannot be accessed by other VA or DoD offices, military units, or other community networks and providers without your permission or unless required to avert a life-threatening situation. Here, you can be as open as you want — there’s absolutely no judgement.

Guided by professionals who get it.

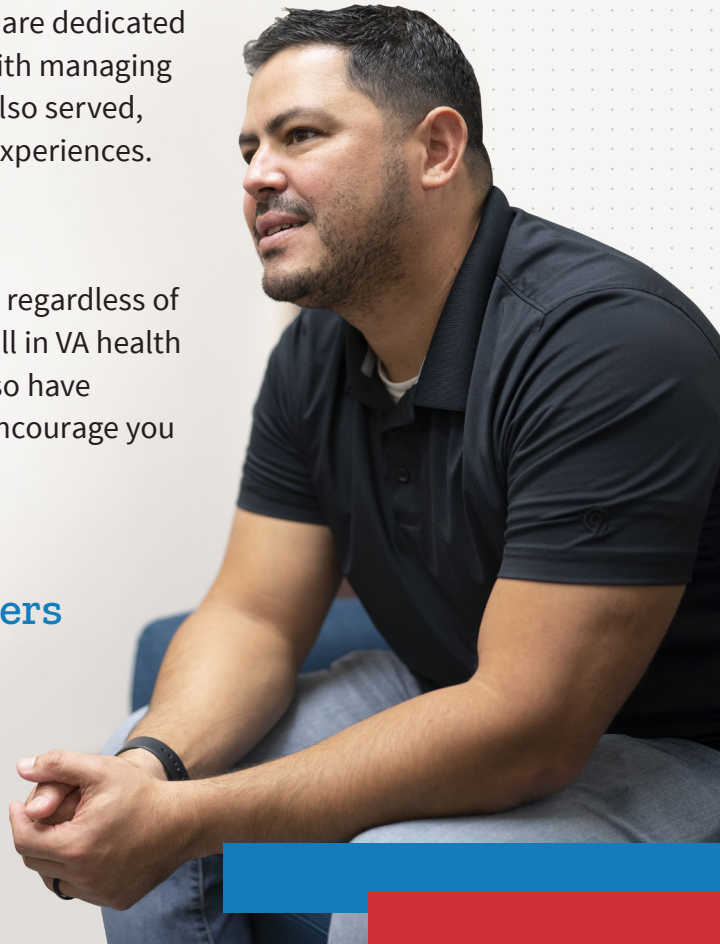

Our highly trained counselors and team members are dedicated to seeing you through the challenges that come with managing life during and after the military. Most of us have also served, so we understand common Veteran and military experiences.

No cost. No strings attached.

Vet Center services are available to you at no cost, regardless of discharge character, and without the need to enroll in VA health care or have a service-connected disability. We also have appointments available to fit your schedule and encourage you to stop by for more information.

92% of those who use Vet Centers said their appointments were scheduled at a time that worked for them!*

*Statistics represent survey responses from roughly 3,500 clients provided over the course of 2019 and 2020.

To Vietnam Veterans, With Thanks

It is because of Vietnam Veterans that Vet Centers exist today. These Veterans refused to be forgotten, refused to be stigmatized, and insisted on a program where they were at the center of their care. We remain grateful to them for ensuring generations of men and women can turn to the support and community of a Vet Center.

If you are a Veteran or service member, including members of the National Guard and Reserve, you can access our services if you:

- Served on active military duty in any combat theater or area of hostility.
- Experienced military sexual trauma (regardless of gender or service era).
- Provided mortuary services or direct emergent medical care to treat the casualties of war while serving on active military duty.
- Performed as a member of an unmanned aerial vehicle crew that provided direct support to operations in a combat theater or area of hostility.
- Accessed care at a Vet Center prior to Jan. 2, 2013, as a Vietnam-Era Veteran.
- Served on active military duty in response to a national emergency or major disaster declared by the president, or under orders of the governor or chief executive of a state in response to a disaster or civil disorder in that state.
- Are a current or former member of the Coast Guard who participated in a drug interdiction operation, regardless of the location.

We encourage you to contact us, even if you are unsure if you meet these criteria. If we can't help you, we will find someone who will.

Our services are also available to family members when their participation would support the growth and goals of the Veteran or active-duty service member. If you consider them family, so do we. We also offer bereavement services to family members of Veterans who were receiving Vet Center services at the time of the Veteran's death, and to the families of service members who died while serving on active duty.
