

ARE YOU A VETERAN? DO YOU NEED COVID-19 SELF-TEST KITS?

VA knows protecting the health of your loved ones is important to you. When it comes to COVID-19, this is especially true for those who are at risk, like pregnant women, young children, the elderly, and those with multiple medical conditions and poor health. We also know that sometimes, getting a COVID-19 Self-Test Kit isn't easy.

How do I get free self-test kits?

Every home in the U.S. is eligible to order 4 COVID-19 self-tests from [CovidTests.gov](https://www.CovidTests.gov).

The tests are completely free. You can do this by visiting the website, or by calling 1-800-232-0233 to speak to someone in English, Spanish, and more than 150 other languages. This call-line is open 8 a.m. to midnight ET, 7 days a week. There's also a TTY line (1-888-720-7489) to support access by hearing-impaired callers.

How about free masks?

Get up to 3 free N95 or KN95 masks per person from your local pharmacies. Scan the QR code to find a participating pharmacy near you.
