

DO YOU NEED COVID-19 SELF-TEST KITS? HOW ABOUT FREE MASKS?

VA knows protecting the health of your loved ones who may be at risk for COVID-19 is important to you, like pregnant women, young children, the elderly, and those with multiple medical conditions and poor health.

COVID-19 testing continues to be one of the best ways to stop the spread of the virus.

How do I get free self-test kits?

Every home in the U.S. is eligible to order 4 free COVID-19 self-tests from [CovidTests.gov](https://www.covidtests.gov). Visit the website or call 1-800-232-0233 to speak to someone in English, Spanish, and more than 150 other languages. There's also a TTY line (1-888-720-7489) to support access by hearing-impaired callers.

How about free masks?

Get up to 3 free N95 or KN95 masks per person from your local pharmacies. Scan the QR code to find a participating pharmacy near you.
