Friday, April 26th, 2019
Omni William Penn

Because of your support, Pittsburgh is leading the way in perinatal mental health. We just opened the Alexis Joy D'Achille Center — a revolutionary center in women's behavioral health. But we have only just begun. We are a long way from women across the state and even the country gaining access to resources available at the Alexis Joy Centers.

Please join us at this year's gala to see what is new for 2019 and beyond. Visit www.alexisjoyfoundation.org to purchase your tickets. Seating is limited so be sure to secure your tickets early.
