The Solutions You Need

Manage Inventory

Optimize Spend

Prevent Drug Diversion

MANAGE INVENTORY

Manage Inventory

With Kit Check, your organization can optimize inventory and restock all care areas in a fraction of the time of manual processes, all while updating a cloud-based record of real-time medication inventory. With Kit Check powered by Bluesight, you can easily track every medication as it enters your pharmacy and travels throughout the hospital - working with our suite of Medication Intelligence™ solutions to ensure every item gets to its correct destination effortlessly, with no expiry concerns.
